

Copyright Notice-and-Action Form

Version 1.0 · September 10, 2026 · Terms & Policies Part IV, Section 56 · Operator: Orkaan Studio S.R.L.

Use this form to notify Kallitone of a Track, artwork, profile or other Content that you believe infringes a copyright or related right you own or are authorised to enforce. A complete form lets us assess your notice fairly and quickly and may give rise to knowledge or awareness, and trigger the applicable duties, under the EU Digital Services Act, the U.S. DMCA and UK law.

How to submit: download this form at <https://kallitone.com/legal/notice-and-action-form/>, complete all required information and send the completed form by email to copyright@kallitone.com with the subject line "Copyright Notice". Attach evidence as PDF or image files. For content that is illegal for reasons other than copyright (for example harassment or unlawful material), send the completed form to support@kallitone.com instead (Terms Section 64).

Please do not use this form for disputes about contributor splits, unpaid fees or private contracts with a Creator; Kallitone does not adjudicate those (Terms Section 66). Submitting a knowingly false notice may lead to Account restriction and liability, including under 17 U.S.C. § 512(f) (Terms Section 61).

A. Your details (notifier)

Full legal name	
Organisation (if any) and your role	
Postal address	
Email address (required)	
Telephone (required for U.S. DMCA notices; otherwise optional)	

You are submitting this notice as:

- ☐ the rights holder (owner or exclusive licensee of the work), or
- ☐ an authorised representative of the rights holder — name of rights holder:

B. The copyrighted work you say is infringed

Title of the work	
Type of work (composition / lyrics / sound recording / artwork / photograph / other)	
Author(s) and owner(s)	
ISRC, ISWC, registration, catalogue or distributor reference (if any)

If your notice concerns several works, attach a representative list with the same details for each work (Terms Section 56).

C. The allegedly infringing Content on Kallitone

Identify the exact location of each item so we can find it. A Track title alone is usually not enough.

Track / Content title	Creator or profile name	Exact URL(s) on Kallitone	Track ID or hash (if known)

Nature of the alleged infringement (tick all that apply):

- ☐ the entire work has been uploaded without permission
- ☐ a sample, loop, beat, melody or other part of the work is used
- ☐ a cover, remix, adaptation or translation is used without the required licence
- ☐ artwork, photograph or other visual material is used
- ☐ other: _____

D. Why the use is not authorised

Explain clearly why you consider the Content infringing — for example that no licence was granted, that a licence does not cover streaming or peer-to-peer distribution, or that the uploader is not the owner. Include anything that helps us understand the claim.

E. Evidence of ownership and authority

List the documents you are attaching. Helpful evidence includes registration or distributor records, ISRC/ISWC data, split sheets, licence or assignment documents, dated project files or stems, and a signed authorisation if you act for the rights holder (Terms Section 32).

H. What happens after you submit

- We confirm receipt of your notice without undue delay and give you a reference number.
- We assess whether the notice is sufficiently precise and substantiated. We may ask you for clarification or further evidence if it is incomplete or too general.
- Where the notice is credible, we may promptly restrict the Content while we evaluate the matter, and we notify the affected Creator, who may respond with evidence or a counter-notice (Terms Sections 57 and 58).
- We act expeditiously to remove or disable access to infringing Content once we have actual knowledge. Where the parties' evidence remains materially disputed, we may keep the Content restricted until they reach agreement or a competent court or authority decides (Terms Section 33.2).
- We inform you of our decision and of the redress options available, including internal review by emailing copyright@kallitone.com (Terms Section 59), out-of-court dispute settlement where applicable and recourse to the courts, and we indicate where automated means were used to process your notice.
- U.S. DMCA: Kallitone's designated agent is registered with the U.S. Copyright Office (registration no. DMCA-1079503; contact: copyright@kallitone.com). If the Creator submits a valid counter-notification, we will ordinarily restore the material between 10 and 14 business days after receiving the counter-notification, unless you inform us that you have filed a court action or the material independently breaches the Terms (17 U.S.C. § 512(g)).
- Kallitone's decision concerns availability on the Service only; it does not decide ownership or damages (Terms Section 66).
